Sub-project eligibility**

Dear Mr Dovhan,

We write with reference to your letter dated 1st February 2018 concerning the new sub-project proposals for the 11 cities to be financed under the EIB operation UKRAINE URBAN PUBLIC TRANSPORT FL.

We are pleased to confirm that the submitted new sub-project proposals all fall within the scope of the Technical Description in the Finance Contract and are therefore eligible for EIB financing.

We would like to take the opportunity to remind you that we keenly await allocation requests for the sub-projects. We understand such allocation requests could be submitted once the final beneficiaries receive a positive financial assessment from the Ministry of Finance.

We would like to express our gratitude to the Ministry of Infrastructure for the continued good cooperation on this important operation and look forward to seeing the commencement of implementation in the coming months.

We remain,

Sincerely yours,
