“Construction of a bridge across the river Southern Bug in Mykolayiv, Mykolayiv region”

Bridge transition on highway M-14 Odessa - Melitopol - Novoazovsk (in Taganrog) be located on the northern detour. Nikolaev in order to drive out of the city transit traffic flow, improve the ecological situation in the city and discharge of existing bridges over the river Southern Bug and Inhul.

Brief rationale for the project: The road M-14 Odessa - Melitopol - Novoazovsk (in Taganrog) passes through the city center on the main street of Mykolayiv, who must serve as truck routes. Bridge transition will provide a reliable connection, frees the main street of transit traffic, improve the ecological situation in the city.
